DOTHAN, ALABAMA, SATURDAY EVENING APRIL 8 1933.

NUMBER 100

FULL PARDON IS RECOMMENDED

SAVANNAH MURDERER IS RECOMMENDED FOR LIFE IMPRISONMENT.

Atlanta, April 7.—Edgar Stripling was unanimously recommended for pardon by the prison commission today. The commission found full reasons for their action in the hearing as brought out yesterday. All papers will now go to the governor, who must pass on same. Many believe that Stripling will have a hard time getting the approval of Governor Brown.

Atlanta, April 7.—The prison commission recommended J. C. Hunter, the Savannah murderer of his wife and two other women to life imprisonment. A plea was made by Attorney M. F. Oliver and Rev. J. S. Wilber, whose contention was that Hunter was convicted on insufficient evidence.

COMMANDERY ELECTS NEW OFFICERS

At a regular meeting of Dothan Commandery No. 25 last night the following Sir Knights were elected officers for the following year:

- D. C. Carmichael, E. C.
- A. E. Garner, Gen'l Mm.
- O. M. Murphy, Cap. Gen.
- E. H. Hill, Prelate.
- W. J. Renfro, S. W.
- C. D. Murphy, J. W.
- E. R. Malone, Treasurer.
- L. G. Biggers, Recorder.
- J. J. Cray, St. Bearer.
- J. T. Trawick, Sd. B.

On the afternoon at three o'clock of Easter Sunday, the Commandery will have its exercises at the Foster Street Methodist church, and the program will be announced later.

GOVERNMENT WANTS STENOGRAPHERS.

Secretary H. F. McCarty of the Local Civil Board has been notified that there is a scarcity of applicants for service as stenographers in this district and is ordered to notify the public of the matter. Anyone wishing any information in regards to the examinations for these positions, which incidentally pay about \$900 yearly, can get it by seeing Mr. McCarty.

BIG REAL ESTATE DEALS

BIGGEST DAY OF THE WEEK IN RESIDENCE TRANSFERS.

J. D. Flowers has sold his home on N. Outes Street to B. G. Farmer, while Mr. Farmer sells his W. Main street home to Dr. Hammond, and Dr. Hammond sells his home place to John C. Cray, and Mr. Cray sells his home to Mr. Barnes.

Mr. Flowers will not give possession of his home until the first, while Dr. Hammond will move in the Farmer home at once, and Mr. Farmer will occupy temporarily one of the Levine houses on S. Foster. The deals were all made through Dell and Smith.

PAVE IT NOW.

The government building will be completed and occupied, right away. The outside work is done now, and the paving has been put down. One thing is lacking, and that is the sidewalk from the Presbyterian church down to the government building, by the blacksmith shop. This should be done, and the town should have the paving crew moved over and put that work down by the time the new postoffice is occupied, else, the people will have to take the middle of the street, going out from the building.

DOTHAN VS HARTFORD.

The Hartford Base Ball team is here today to play the Dothan High School a game this afternoon at the ball park.

Sheriff H. O. Hay, returned to the city today from Mt. Vernon where he has been to take Coy Alford, a negro to the insane asylum.

Judge George Leslie, has returned from Montgomery, where he has been for several weeks to have his eyes treated. He is slightly benefited by the trip.

Rev. H. H. Rollings, The District Missionary will preach at the Lafayette Ave. M. E. Church tomorrow at 11 a. m.

—All are invited.

A fine double lot 14x100 feet, fronting two street and has three two blocks from government building, at a price to sell. Dell & Smith.

WANT SUNDAY REST FOR POSTAL CLERKS

IMPORTANT LETTERS COULD BE DELIVERED BY ALL BOX PATRONS SERVED AS USUAL.

A movement looking to the diminishing of the Sunday labor required of postal employees is making progress in various parts of our country. Wherever public sentiment is in sympathy with it the postoffice department will relieve the postman of all Sunday work by keeping the carriers window closed on Sunday. The box mail will be distributed and the general delivery window will be open for a limited time. Anyone on a carriers route may secure his mail in emergency by calling for it at the general delivery window stating that it is important and waiting for it to be found among the mass of unsorted carriers mail.

In response to the desire of the local citizens this rule has been put in force in many cities including as populous communities as Colorado Springs, Toledo, Ohio, and Grand Rapids and Detroit, Michigan.

There is a movement on the part of the local postoffice to close the carriers' and stamp windows altogether on Sunday. We feel that this should receive the hearty sympathy and co-operation of all Sabbath loving people. Regardless of religious convictions, we should be willing to look at the matter from a humanitarian standpoint. The postmen are justly entitled to one day of rest in seven. By closing the above named windows five employees will be relieved of all Sunday work. If any one feels the necessity of having his mail, he can rent a box or call at the general delivery window. Urgent messages are not usually sent by mail and hence there is but little or no necessity for the Sunday mail when the people once get accustomed to doing without it.

We take great pleasure in endorsing this movement in behalf of the employees of the Dothan postoffice, and recommend it most heartily to the favorable consideration of the citizens of Dothan.

Respectfully,

- G. F. Bell,
- P. A. Rogers,
- E. H. Jennings,
- Lamar Jones,
- R. R. Ellison,
- H. T. Johnson,
- L. P. Latram,

A Reliable Medicine—Not a Narcotic Mrs. F. Marti, St. Joe, Mich., says: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar Compound in which I have great faith. It cured the cough as well as the shocking and gagging spells, and he got well in a short time. Foley's Honey and Tar Compound has many times saved us much trouble and we are never without it in the house." Sold by N. H. McCallum.

MASKED GEORGIANS LYNCH NEGRO BRUTE

KNOCKED SHERIFF UNCONSCIOUS AND SECURED NEGRO PRISONER.

Lawrenceville, Ga., April 8.—Shortly after midnight, a mob of 200 masked men after attacking the sheriff and taking his keys from him, secured the negro, Charles Hale, arrested earlier in the night for brutally assaulting Mrs. C. C. Williams. They took him to a corner in the business part of the town and after strapping him up on a tree, riddled the body with bullets.

Knocked Sheriff Unconscious. According to Sheriff E. S. Garner the mob was composed of residents of the country surrounding Lawrenceville. While the sheriff was parleying with the ring leaders in the yard of the jail three others slipped behind and dealt him a heavy blow on the head, rendering him unconscious. They then secured his keys and made away with the prisoner.

The result on Mrs. Williams is said to have been unusually brutal. Her husband, a prominent young farmer, was away from home when the negro slipped into the house this afternoon and before Mrs. Williams could offer any resistance, he seized her and threw her on the floor. In the scuffle, almost all the woman's clothing was torn from her body. After robbing her of her property, the negro hid in the house and again terrorized the woman when she regained consciousness.

Finds Negro in His Home. Williams, who is paralyzed in the upper part of the body, found the negro there on his return. Hale, it is said threatened both with death if they revealed his crime.

As soon as he disappeared, Williams gave the alarm and Sheriff Garner organized a posse and started the hunt with bloodhounds. The chase led into the Yellow river bottom three miles away where the negro was captured. The negro is said to have confessed.

Mrs. Williams is reported in a serious condition tonight.

John Mathews, of Atlanta, is in Dothan on a visit to relatives.

Will exchange 20 acres already platted in Panama City into 72 lots, for stock of goods or real estate in Dothan. Price \$2,000. Dell & Smith.

KEEP YOUR MONEY AT HOME

Why be worried about keeping up with your insurance premiums, when you can get in a home company, one with its home office in Dothan?

In taking a policy with the Mutual Protective Association of Dothan, Ala., you are not bothered about having your policies switched from one division to another, and you don't send the money out of the country. Every dollar of the money in this company stays in the Dothan banks, owned and run by Dothan people, who will give you protection and value for your money.

Assessments \$1.15 a month. Mutual Protective Association of Dothan, Alabama. Mayor Levine, General Manager.

A BOLD HOLD-UP ON A DINING CAR

UNKNOWN MASKED ROBBER COLLECTS CASH, JUMPS FROM TRAIN.

St. Louis, Mo., April 7.—Iron Mountain passenger train No. 4 was boarded tonight within the city limits by an armed and masked robber who held up the white steward on the dining car, four negro waiters and a negro chief.

The robber, as far as has been disclosed in reports to the police, did not get more than \$40. This train is the same one on which the Pacific Express Company's messenger was held up and robbed a month ago by two masked men.

No arrests were made in the former case. No passengers were molested.

The robber got on the train at Broadway station, in Carondelet and paid cash fare to the Union Station. After the only interview stop was made at Tower Grove, the robber left the day coach, passed through the Pullmans, halting long enough in the vestibule of the diner to don his mask. Then he invaded the car, flourishing his revolver, and the robbery was the work of only a few minutes. The robber backed out of the car and swung from the platform into the railroad yards. Police have found no trace of him.

IDEAS

We have many little papers with city paper ideas.

We have many city trained newspaper men trying to run country weeklies. Most of them are failures. They nearly always run till Christmas, but few last longer.

The city papers are using the brains and muscle of many a country town newspaper man, but the country paper rarely ever calls from the city a man to take charge of the business, unless the plant is ready to be dumped on some one looking for an investment.

The newspaper business isn't counted much among men who subscribe to Bradstreet's big book.

Newspaper properties are good sellers, but poor investments.

The number of financially successful newspaper men in Alabama could be counted on the fingers of your hands, leaving out the thumbs.

Strange business. It will pull a man out of other fields of useful endeavor and tie him on for life, when there is poor prospect of financial returns in keeping with the work. Usually the man who runs a paper successfully expends enough energy to succeed in some other line.

The good citizens—the extra good ones—don't want to do anything else, and follow the business from choice, knowing that they might make money in other lines.

The business of making a newspaper is like a beacon on a storm-swept island. Many dive in with the view of crossing, but his rollers sweep most of them back, but the failures of a few don't discourage the others, and the water is full of people, struggling with the waves, thinking they are bound to reach the land with safety.

"Ideas" don't go. It takes practical common sense, hard work. More hours than a drug clerk.

The old brindle cow that stands on the railroad track, and attempts to butt the fast-moving lightning express train into the ditch, doesn't get many eulogies for bravery. She is called an old fool. But how many men attempt the same thing in life? You know fellows, and so do I, who are trying the same thing today. Some of them think it is bravery, while others are playing a smart game. No wise man stands on a powder mine and watches some fellow deliberately walk up and apply the torch that will blow him to kingdom come. If he has a lick of sense in the world he will run to a place or safety. It is a fine thing to be a hero and sleep beneath a tall, shining monument, but it doesn't put any bread in the larder at home for the wife and kids. The brave man is the one who plays his chances of success against those of defeat. But the fellow who goes against the game with no possible chance of success is a triple-plated chump. Just because a man runs is no sign that he is a coward. Years ago I read one of Ed. Howe's paragraphs, which seems to fit the case pretty well, and I have always remembered it. It went: "The man who didn't run at the first battle of Bull Run is there yet."—Burt Walker, in the Osborne Farmer.

200 POUND SACKS
Some fellow way over in Georgia has raised a point that is interesting. He thinks that we make a mistake in having our guano put up in 200 pound sacks instead of 100. His point is well taken. We found that out twenty-five years ago, in wrestling with the 200-pound sacks, when placing them in the field for distribution, or when loading them from the boat landing on the wagons. Just why they should be put up in 200-pound sacks is not clear. They are not convenient to handle, for the boys on the farm handle most of it, and they could do it better if the sack contained only 100 pounds. We believe every boy in the cotton belt will stand for 100-pound sacks, once they think of it. Comer never saw the day when he could hold the whip hand more effectively over the legislature than O'Neal has the present one.

The members of the General Assembly of Alabama have about served out their legislative sentence, and will return home to render an account of the voters. It is our opinion that a great majority of them will never be sentenced by the votes of their constituents to another term in the legislative halls of Alabama.—Greensboro Watchman.

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothran, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

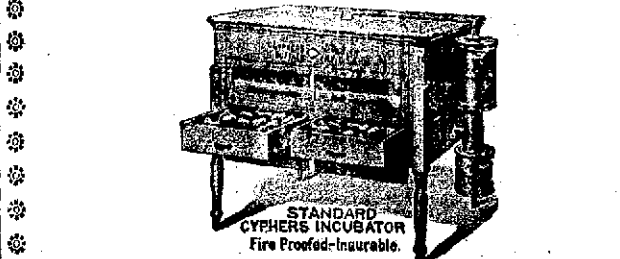

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited. I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength. Have you tried it? If not, please do. It may be just what you need.

Dodson's Liver Tonic Does the Same Work as Calomel without Making You Sick. It is Vegetable, Tastes Good and Never Fails.

Everybody who has ever taken calomel knows what a strong drug it is. Calomel spurs the liver as if it were a tired horse, and while the liver works harder for a little while, it is soon weaker than ever. Dodson's Liver Tonic is a vegetable tonic that gently induces the most sluggish liver to work. Taking it is followed by no bad after effects. No restriction of habit or diet necessary. For either children or grown people.

Nix Drug Company sells a large bottle of Dodson's Liver Tonic for 50 cents and guarantees it to be a perfect substitute for calomel and will give you your money back if it disappoints you.
